

Darlingrange Dexter News Summer 2010-11

Well a busy time for us a Darling Range Dexters.

We have been busy organising landscaping and drive ways etc ready for our move into our new home, we expect to be in early October.

Then the floods, we have some serious fences to fix, it has knocked out our creek padock until boundary fences are fixed cutting us back to 80 acres and 55 of that is locked up for hay.

Also I have just finished running for National council selection with the result very good but was not elected though polling well.

There is always next year.

I would like to thank the 50% of voters that voted for me and encourage them to seek change and improvement in our association and for the breed.

I send an open invitation to any member who requires support with issues to council and would be pleased to assist or represent your concerns to council and committee.

The Crop is nearly ready, and we are hoping for a good yield but plans for grain have been dumped due to the rain.

Cutting due to start any week now.

Regards

Matt
